Customer Reviews

There's not much I can add to my reviews of the two previous books of similar ilk produced by the same group that produces QI, the very entertaining British à œquizâ • show. These facts are, indeed, quite often quite interesting. I constantly find myself reading parts of it aloud to my family. We are always happy to see a new volume.

A few brief lines on a mostly blank page as well as written on a 2nd-3rd grade reading comprehension level, did not knock myself and 4 others sideways.

Interesting, thought-provoking, and laugh out loud funny.

Exactly as expected. Very interesting

Fun book for parties!!
