Customer Reviews

The cover a couple of pages in the front and back fell off. As much as I tried to keep the front connected to the book, it kept falling off and I misplaced the first few pages, which is obvious upon receipt of the book. I've rented multiple books from and have never had a book come apart like this.

Book is ok. Was listed as acceptable condition, but when it arrived half of the spine was missing and a few pages were not binded. As I use the book it is continuing, a slight annoyance.

Arrived faster than promised. Can't say that I'm really enjoying the read as it is basically just review at this point. But, it's a textbook so whatcha gonna do.
