Beyond Displacement: Campesinos, Refugees, And Collective Action In The Salvadoran Civil War (Critical Human Rights)
During the civil war that wracked El Salvador from the mid-1970s to the early 1990s, the Salvadoran military tried to stamp out dissidence and insurgency through an aggressive campaign of crop-burning, kidnapping, rape, killing, torture, and gruesome bodily mutilations. Even as human rights violations drew world attention, repression and war displaced more than a quarter of El Salvador’s population, both inside the country and beyond its borders. Beyond Displacement examines how the peasant campesinos of war-torn northern El Salvador responded to violence by taking to the hills. Molly Todd demonstrates that their flight was not hasty and chaotic, but was a deliberate strategy that grew out of a longer history of collective organization, mobilization, and self-defense.
