Literary Starbucks: Fresh-Brewed, Half-Caf, No-Whip Bookish Humor

Synopsis

From the creators of the eponymous viral Tumblr comes a single day with your favorite authors in one Twilight-Zone-esque Starbucks...Ever wonder which intricate, elaborately-named drinks might be consumed if your favorite authors and characters wandered into a Starbucks? How many pumpkin lattes J.K. Rowling would drink? Or if Cormac McCarthy needed caffeine, which latte would be laconic enough? Look no further; LITERARY STARBUCKS explores such pressing matters with humor and erudition. Set over the course of a single day, and replete with puns and satirized literary styles, the three authors go darker, stronger, and more global than the blog in book format, including illustrations by acclaimed New Yorker cover artist and cartoonist Harry Bliss.

The title caught my attention, and since I love to read and I am always in the mood for a good nonfat Latte with a side of humor, I entered the Goodreads contest. As it turned out I was lucky enough to have won a copy and I was eagerly awaiting its arrival. I was not familiar with all the Authors that were mentioned in the book, but it was still a quick fun read. Something you can easily pick up and read a few pages here and there, if you are in a hurry. This would make a fun gift.

Literary Starbucks is the perfect read for lovers of coffee and literature. It is full of fun little situations your favorite literary characters and figures might find themselves in if they were ordering themselves some Starbucks. It's so cute and funny. I love how the baristas react to some of the characters in this book. I didn't actually read all of this book. I started off by reading all of them from

the beginning, but quickly realized that I'd never read anything by or about a lot of the figures mentioned. So I didn't really understand them. But the ones with people/characters that I knew were awesome! There is one in this book about Dr. Seuss, written in the classic rhymes! That was my favorite one! If you love literature and you love coffee, you will enjoy this book. It's cute, it's fun, and it will be a really quick read! I highly recommend you pick this one up if you're looking for a laugh or two!

I love books, I love coffee, I love books about books and coffee. So when Literary Starbucks crossed my path, I couldn't resist. I too like to imagine what my favorite author or literary character would order if they were to go into a coffee shop. I've even asked that question to several different authors during interviews. I guess it's because knowing what kind of coffee characters would drink makes them a little more real. However, this book is dedicated to authors and the things they might order or do at a Starbucks. And it's hilarious.

A clever, fun read. Perfect gift (maybe with a Starbucks gift card) for anyone!

great book, well written and hilarious, would make a great gift.
