# Understanding Bankruptcy (2013) (Understanding (LexisNexis))

Synopsis

This book provides a detailed introduction to bankruptcy and related state and federal debtor-creditor law. It is equally useful in an introductory Creditors' Rights course that emphasizes bankruptcy; a free-standing Bankruptcy course; or an advanced course in Chapter 11 Reorganization. It provides an ample explanation of the issues likely to arise in any of these courses, specifically including issues raised by the Bankruptcy Abuse Prevention and Consumer Protection Act of 2005. It is also a useful and inexpensive single-volume guide for new and experienced bankruptcy practitioners.

Book Information

Series: Understanding (LexisNexis)

Paperback: 1004 pages

Publisher: LexisNexis; Third edition (January 24, 2013)

Language: English

ISBN-10: 0769859208

ISBN-13: 978-0769859200

Product Dimensions: 6.6 x 1.9 x 9.4 inches

Customer Reviews

The book is about 700 pages long and I have used it for two classes (Basic bankruptcy and Chpt 11 seminar). Nothing beats actually reading the code, but this helps give you a perspective on some of the cases that have influenced bankruptcy law. I would recommend reading it with your casebook and not a week before the exam. The "Understanding" series in general is only good for classes that cases are very important for (property, income tax, contracts) and are good supplements for courses that cases don't really matter that much (Payment systems, Secured Transactions, etc.). Bankruptcy is in between since there are several cases that have shaped Bankruptcy law. Also check out the Glannon Guide to Bankruptcy.

The plain English explanations help all that material absorb faster. So, if you need to get the big picture on how chapter 7 works, preferences, etc then that chapter should give you the primer you

need. The citations are great for attorneys who want to see the underlying statute or what case changed that part of the law. New issue you haven't seen before, then the book may give you a starting point and cite to where in the statute the answer is, or a case you can look up to see if your circuit has treated it.Lastly, for the digital copy, searchable saves time.

Very helpful. I will say, however, that the number of typos and grammatical errors is truly astounding for a published book [in it's third edition, no less]

All you need and more for a bankruptcy class...especially when the professor is none other than honorable judge B.K. Tester....

Excellent book.
