This review relates to the University of California hardback edition, jointly released in the US and the UK, ISBN 0520060016. A journey into contemporary life-cycle rituals: weddings, funerals, and death-weddings in Transylvania. Author Kligman spent over a year with Transylvanian peasants, yielding a book "beautifully written and moving," as it examines the contents of contemporary peasant rituals, lore, and oral poetry. Most importantly, Kligman looks at how these societies use metaphor and symbol within the context of a modern, ever-present, socialistic state, allowing "the villagers to express emotions and negotiate relations among themselves and the state." Hardback with a sewn binding in dustjacket. Cloth over boards. Photo plates. 410 pp. 5 Appendices, Glossary, Index. 50 pp of narrative End Notes and an 18 p Bibliography.

The most useful and powerful source if you're writing your final thesis about Maramures traditions. Well written and very interesting even if you just want to be more conscious about Transilvanian anthropological issues.
